

GRAND PRIX OF THE CATASTROPHIC

Activity 2 : Considering and understanding how to overcome a natural disaster.

By groups of 4 to 5 pupils, go into the permanent exhibition (room 11: TODAY). The module «Overcome» demonstrates one of the major missions of the Red Cross.

Module « OVERCOME » (surmonter -überwinden)

Natural disasters particularly strike the populations which do not have the means of living in safe regions, or to protect themselves appropriately.

1. Look at the material on the rack, then indicate **three priority objects** for **emergency aid** and say why this is so.

	<i>Priority object</i>	<i>This is a priority object because.....</i>
<i>1st object</i>		
<i>2nd object</i>		
<i>3rd object</i>		

2. **After** the **emergency aid**, **which** are the other needs for the victims of the disaster?

.....

.....

3. Listen to the statements of the specialists (audio – 4 headphones) and indicate below **how they help** the **traumatized victims**.

.....

.....
